

Work Plan amendments

[MS name]

[2025-2027] Work Plan for data collection in the fisheries and aquaculture sectors

Summary of changes compared to [2023-2024] version of [27 November 2022]

Use the below template to report changes in the Work Plan submitted for assessment compared to the last adopted Work Plan. Provide background information that explains the reasons to amend the previous Work Plan. Specify the year of the currently submitted Work Plan and the year of the last adopted version of the Work Plan.

If your new Work Plan covers a new planning period, submit only clean versions of the text and tables. If your Work Plan amends an already adopted one, submit versions with track changes and colour marking in tables and text boxes, as well as clean ones.
