Proposal acronym: Fishn'Co

hereinafter referred to as "**Project**"

**WHEREAS:**

The Project brings together thirteen institutes (the Parties) from nine Member States and involves various experts, among which several have chairing or leadership mandates in Regional Coordination Groups (RCGs), Regional Coordination Group on Economics (RCGECON) and Inter-Sessional Sub-Groups (ISSG) of RCGs. The project is addressing the needs to develop Regional Work Plans (RWP) as defined in EU Reg<sup>1</sup> 2017/1004 for RCG NANS&EA, RCG Baltic, RCG Large Pelagics and RCGECON. It is entirely devoted to providing added value to the RCG/ISSG and RCGECON and work in complement to them with the specific goal of initiating Regional Work Plans for each of EU-MAP thematic areas. The activities will be organised to propose:

---

<sup>1</sup> Regulation (EU) 2017/1004 of the European Parliament and of the Council of 17 May 2017 on the establishment of a Union framework for the collection, management and use of data in the fisheries sector and support for scientific advice regarding the common fisheries policy and repealing Council Regulation (EC) No 199/2008 (recast) for Strengthening EU-MAP data collection by developing Regional Work Plans for the Regional Coordination Groups (RCG) NANS&EA, Baltic and Large Pelagics, and Economics Issues.

- (i) the structure of Regional Work Plan in line with the new EU-MAP Regulation and STECF template proposal,
- (ii) (ii) a mapping of gaps and needs for regional agreements in each of the thematic areas,
- (iii) (iii) a set of agreements forming the contents of Regional Work Plans and
- (iv) (iv) scenarios of decision making process and implementation procedures, for discussion in RCG sessions of 2021 and 2022. The work in the project will be carried out in transparency and consultation with data collection stakeholders (National Correspondents, RFMOs (Regional Fisheries Management Organisations), RCG, EU Commission, ...) in order to ease the process of adoption of Regional Work Plans for the considered RCGs.

The project duration will encompass two sessions of RCG plenaries and decision making meetings. This means that two versions of Regional Work Plans will be proposed, taking account of lessons learned and feedback received during the time of the project. The final report will summarise the progress made in relation to Regional Work Plan, feedback and consultation synthesis and prospective for future consideration.

The Project is funded under the Implementation of the European Maritime and Fisheries Fund Work Programme 2020 (Action 2.2.2) MARE/2020/08 - Strengthening regional cooperation in the field of data collection.

The Parties signed a data sharing agreement to define the terms of use for the Data.

The Parties wish to specify or supplement binding commitments among themselves in addition to the provisions of the specific Grant Agreement.

Each Party waives any claim for breach of, or any right to rescind this agreement in respect of, any representation that is not an express provision of this agreement.
