and Fisheries Fund

Regional Coordination Group

for North Atlantic, North Sea & Eastern Arctic

What is a RCG?

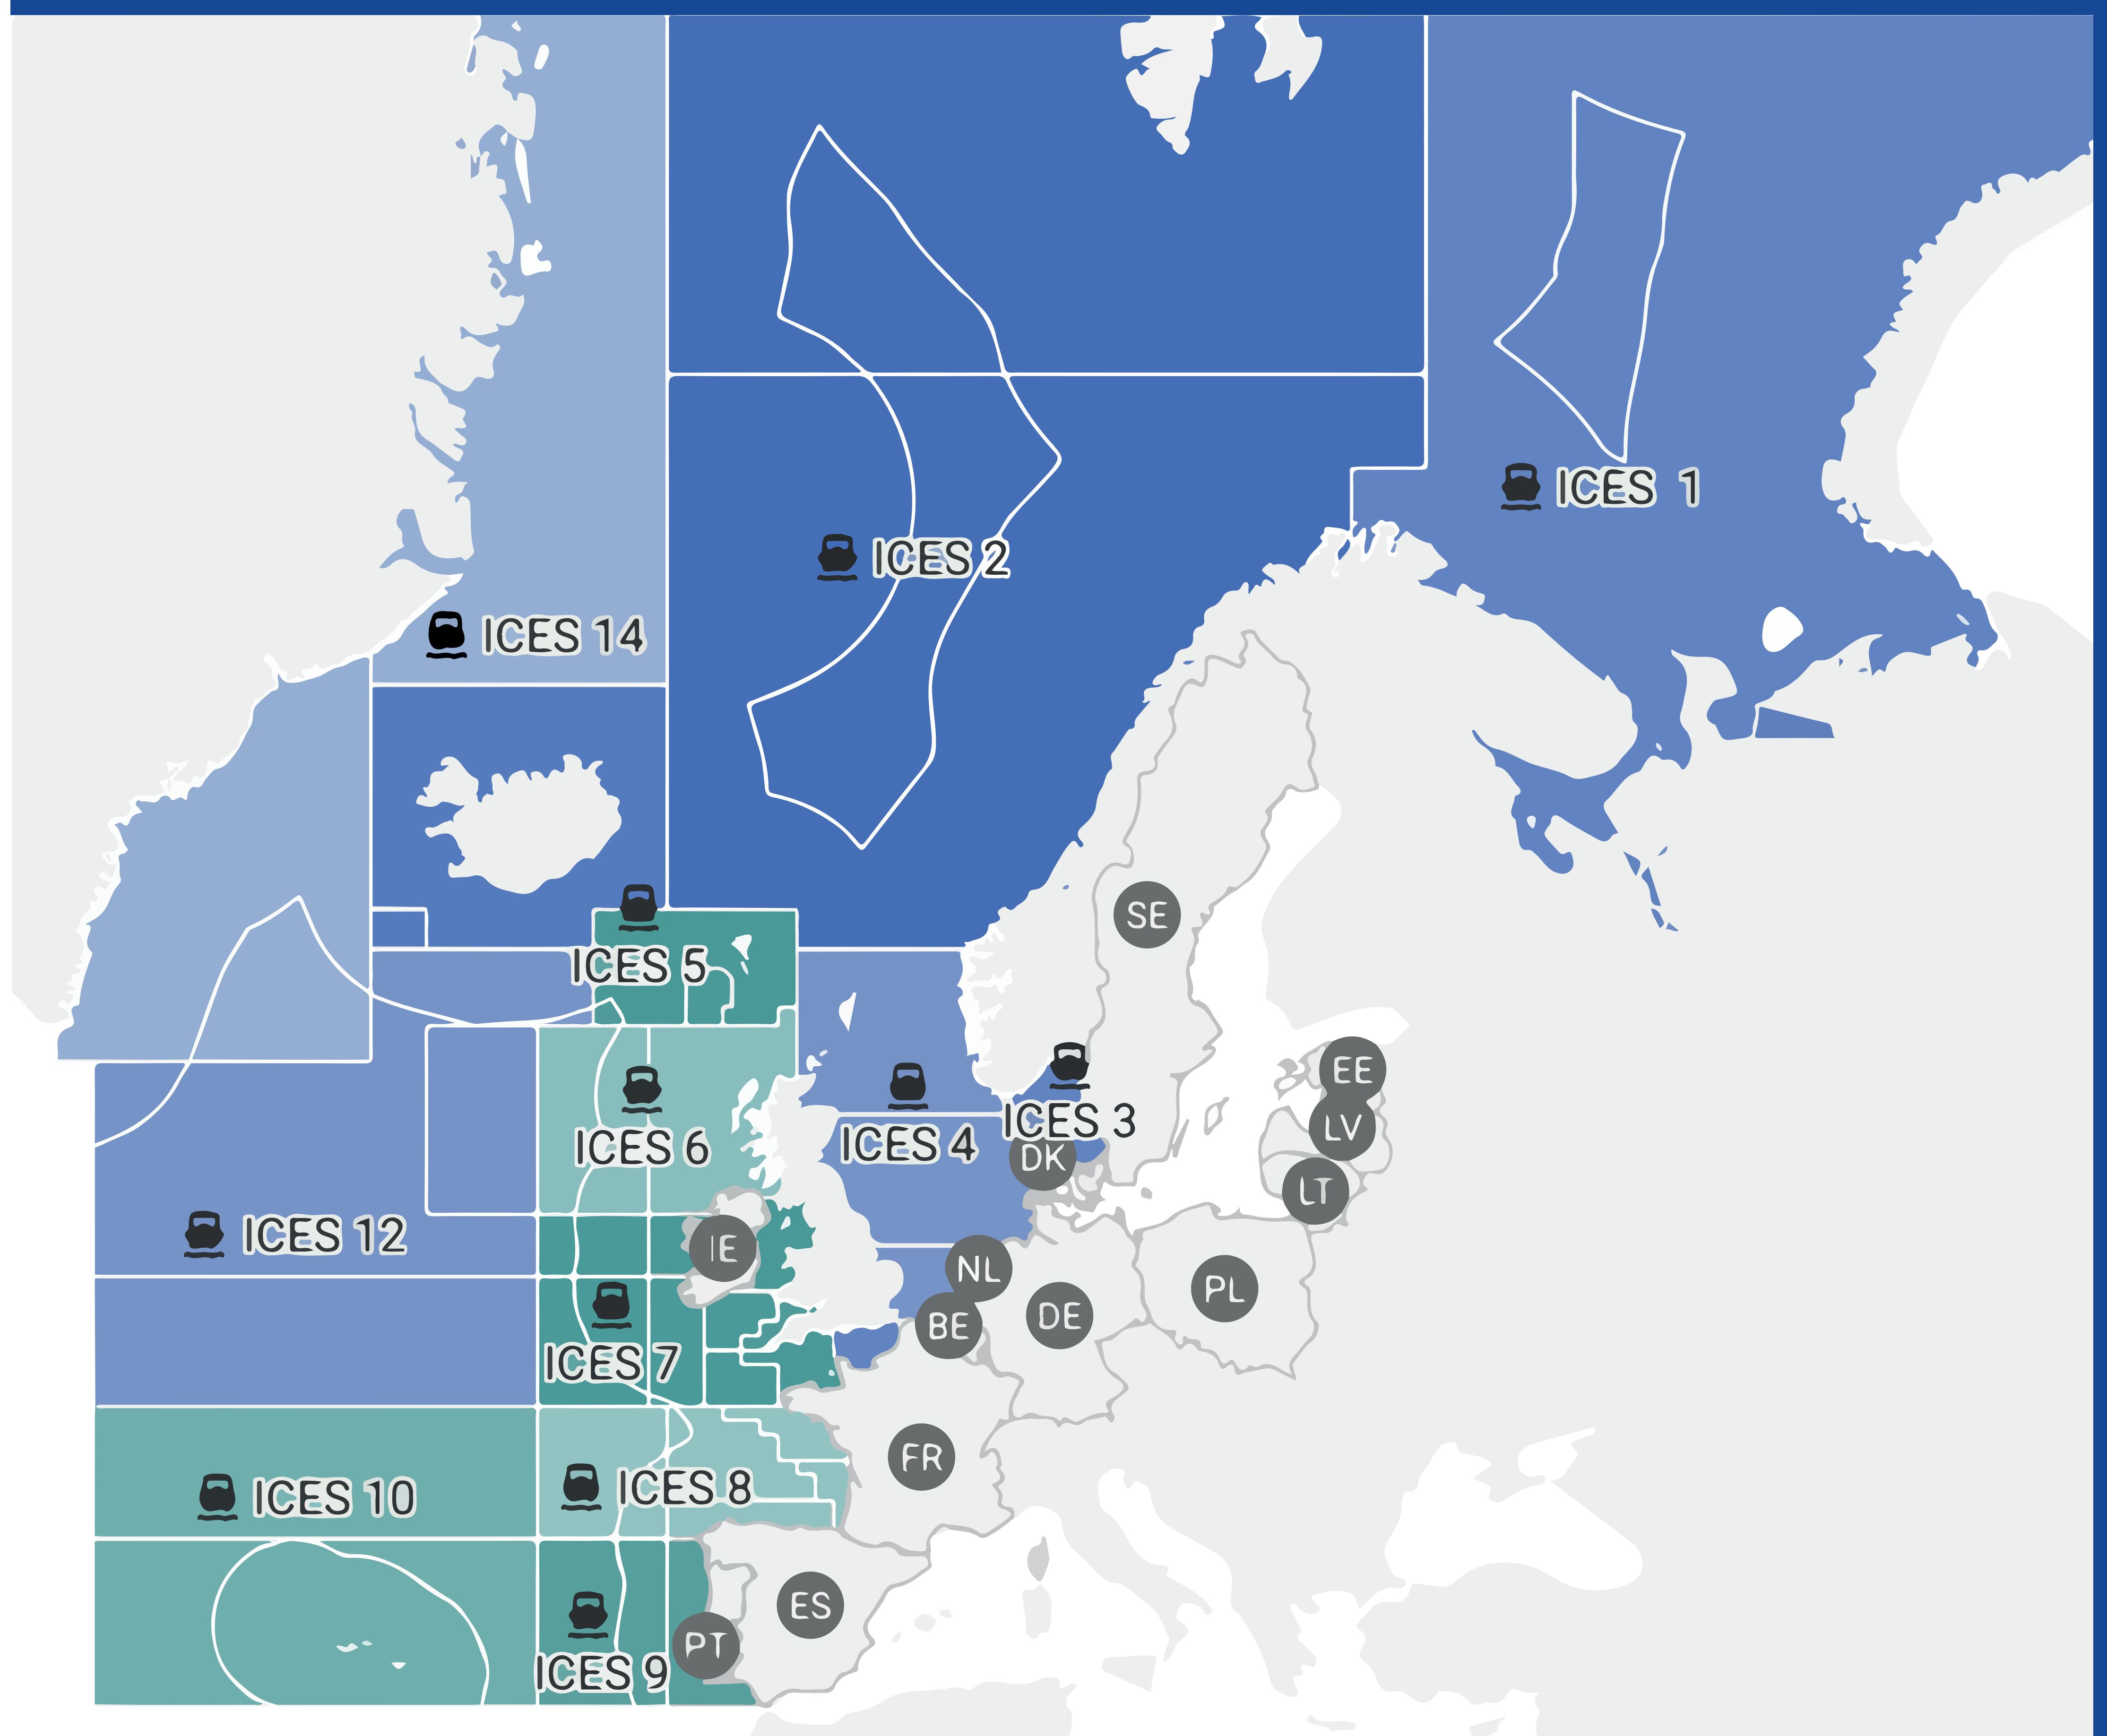

It is the main hub for regional coordination and cooperation within the different sea basins or specific types of fisheries contributing to the EU Fisheries Data Collection Framework.

RCG NANSEA covers the regional coordination and cooperation within North Atlantic, North Sea and Eastern Arctic Sea. The countries involved are: Belgium, Denmark, Estonia, France, Germany, Ireland, Latvia, Lithuania, Poland, Portugal, Spain, Sweden and The Netherlands.

More about us:

www.fisheries-rcg.eu/rcg-nanseal/

ISSGs

The RCG NANSEA works in thematic Interseasonal Subgroups (ISSGs) throughout the year with assigned tasks.

End-users and RCG

End-user and Regional Coordination Group interaction

RDB Overviews

Regional Data Base (RDB) catch, effort and sampling overviews

Metier / Transversal issues

Harmonization and standardisation of transversal data processing methods

Data Quality

Quality assurance of data and sampling programmes

EMT

Electronic Monitoring Technologies

ICES WGRDBESGOV

ICES Working Group on Governance of the Regional Database & Estimation System

RDB Core group

Regional Data Base (RDB) core group

Landing Obligation

Implications of the Landing Obligation

Diadromous

Regional coordination of data collection on diadromous species

Surveys

Survey design, planning & task sharing

Umbrella

Optimized and Operational Regional Sampling Plans

CS Iberian Waters

Case Study of the trawl fishery in Iberian Waters

PETS

Optimisation of Protected, Endangered and Threatened Species (PETS) bycatch sampling

CS pelagic freezer trawlers

Case Study on freezer trawler fleet exploiting pelagic fish in the North-East Atlantic (NEA)

SSF

Evaluation of the data collected for the Small Scale Fisheries at EU level

Stomach sampling

Regionally coordinated stomach sampling

Recreational

Develop regional sampling programmes for recreational fisheries

Regional Work Plan

Development of Draft Regional Work Plan

Secretariat

Implementation of generic tools for the RCGs: Web, secretariat.

National Correspondents (NC)

Adoption & alignment of regional cooperation
